Dear Sir:

I hereby declare that:

I, WILLIAM C. LYNCH, am a citizen of the United States and my residence and post office address are as stated below next to my name; and that

I believe that I am the original, first and sole inventor of the subject matter which is described and claimed in U.S. Patent No. 6,002,916 (hereinafter the '916 patent) granted December

Serial No.: 09/987,338

PATENT

14, 1999, and for which a reissue patent is sought on the invention titled SPACE-BASED SERVER NETWORK ARCHITECTURE, the specification of which was filed on November 14, 2001 as Reissue Application No. 09/987,338, amended on August 30, 2004 and further amended by the Supplemental Amendment submitted herewith.

I am submitting this Additional Supplemental Reissue Declaration to further supplement the Supplemental Declaration for Reissue Patent Application to Correct "Errors" Statement (37 CFR 1.175) submitted herewith.

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by the amendments referred to above, as well as the specification and claims of the '916 patent. I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR § 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid by reason of the patentee claiming more or less than he had the right to claim in the patent. At least one error upon which reissue is based includes, for example, the limitation with respect to the "processor" as currently recited in claims 1 and 10, amongst others, and the limitation with respect to "at least one earth orbit of said server satellites being higher than said one or more earth orbits of said client satellites...", which is no longer present in the newly added claims 19-185.

Error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by

Serial No.: 09/987,338

PATENT

fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of this reissue application or any patent issued thereon, or any patent to which this declaration is directed.
